BWC GODP – GREENER ENVIRONMENT FOR THE NEXT GENERATION

On 10 December 2019, the Bureau of Working Conditions (BWC), in partnership with the DENR-Community Environment and Natural resources Office (CENRO) for Region IV-A, went to Barangay Bagong Pook, Malvar, Batangas and conducted a tree planting activity for the Bureau’s Green Our DOLE Program (GODP).

In line with the objective of the Department of Labor and Employment towards a rehabilitated healthy environment and in fulfilment of the Bureau’s commitment under its Green Our Dole Program for CY 2019, this activity was made possible by BWC-GODP focal person, Ms. Lalaine Familara.

Saplings were planted by the staff of the Bureau within the premises determined by the convergence initiative of the DENR-CENRO that needs to be rehabilitated.

The tree planting activity was a one-day activity where it enabled the staff of the Bureau not only to take an active role in aiding the national government to achieve its rehabilitation goals but likewise instill volunteerism towards taking individual initiatives on its personal capacity for a more sustainable environment.

The GODP of the Bureau is a yearly activity usually held every December.
