### **BWC PARTICIPATES TRAINERS' TRAINING**

The Bureau of Working Conditions participated in the five-day Training of Trainers on January 21 to 25, 2019 at B Hotel, Quezon City, conducted by the Occupational Safety and Health Center in connection with the implementation of SafeYouth@WorkProgram of the International Labour Organization.

The training focused on enhancing the capacity of the OSHC to deliver responsive training services, particularly on OSH for young workers. Updated mandatory OSH training modules and OSH training programs for young workers, among others, were among the outputs of the participants.

The training is very timely with the passing of Republic Act No. 11058 which mandates the State to ensure a safe and healthful workplace for all working people by affording them full protection against all hazards in their work environment.
